NATIONAL FINANCES.

The President's Determination to Continue to Pay Gold for

TREASURY NOTES AND GREENBACKS

Tends to Clear the Financial Atmosphere Nowwithstanding Continued Heavy Withdrawal for Shipment to Europe.

New York, April 25.—The explicit statement of President Cleveland that the government will continue to pay out gold for treasury notes as well as for greenbacks and that it had never had any other intention, had the effect of partially clearing the financial atmosphere yesterday. That the balance of trade, however, is still against this country was shown by the fact that \$550,000 more gold was taken from the treasury yesterday morning for export. Half of it was paid for in treasury notes. This, with what was taken last week but not sent, will, it is believed, be shipped to-day or tomorrow, the total amount to be forwarded being in the neighborhood of \$4,000,000. "It is expected," said one bank president, "that we shall continue to ship four or five million dollars of gold a week until the demand is over, that is, until the balance of trade is reversed, or until some of our unmarketed products are sent forward and can be drawn against."

Courad N. Jordan took charge of the treasury yesterday morning as assistant treasurer. J. Edward Simmons, president of the Fourth national bank, Henry Cannon, president of the Chase national bank, and Clayton Ives, president of the Western national bank, Charles J. Canda, ex-assistant treasurer, and ex-senator Fairchild were in Mr. Jordan's study room. They were in consultation with Mr. Jordan for some hours. During that time George S. Coe, president of the American Exchange national bank, called and saw Mr. Jordan twice. Mr. Coe declined to be quoted in relation to Mr. Cleveland's statement on the financial condition.

Mr. Jordan and others were in conference until 2 o'clock. The conference was in a most emphatic manner to anticipate any statement that Mr. Jordan might make. Mr. Jordan received the representatives of the press, but declared he had absolutely no information to give or report to make as to the result of the discussion between himself and the representative bankers.

Mr. Jordan said: "I can only say we have had a discussion and we have had all manner of propositions considered. I am not in a position to say anything in regard to the government and the banks. I cannot report anything more definite than that other conferences may be held. No date for such further meeting has been fixed. As to the to-day's conference a communication will undoubtedly be addressed to Washington to which a reply might be made to-morrow."

GOING HOME.

Commissioner Carter to Return to Hawaii—The Situation Reviewed.

WASHINGTON, April 25.—Commissioner Carter, representing the Hawaiian provisional government in this country for the past two months, called upon Secretary Gresham yesterday morning and notified him that he had received the permission of his government to return, and that he would start for San Francisco in time to sail for the Pacific, May 4. Subsequently Mr. Carter said that he had a very pleasant interview with Secretary Gresham, but that it had no political significance. The situation in Hawaii was quiet, and Mr. Carter said that he assumed the secretary was awaiting definite advice from Commissioner Blount before any further steps should be taken.

"I am going back to see my baby, which was born since I left Honolulu," said Mr. Carter. "This is an opportune moment for a vacation after an absence from the grip. It was my intention to have started to-day for a tour of the south, but I have abandoned that project. The situation in Hawaii has been taken to the provisional government that it send some more competent person to look into the prospects of negro immigration to Hawaii from the south. It is not generally known in this country that the allowance for that purpose of the queen has been reduced to \$600 a month, and that this is the only source of revenue for the queen's friends have been utilized to hold them back from openly avowing their sentiments. A great number of these stronger characters have already joined the annexation club. The statement that the royalists have received large accessions from the

Knocked Out in a Fight with Cowboys.

INDIAN CATTLE-THIEVES DEFEATED.

Deprived of Their Plunder, Driven Back to Their Reservation and Soundly Whipped There, Receiving a Probably Enduring Lesson.

Denver, Col., April 25.—A Green River special to the Republican says: "The battle between the cowboys and the band of Navajo cattle thieves was more serious than at first supposed, and the culmination of a long series of outrages by the young bucks of Hockley."

There were several men in the band, headed by Chief Crow's Eye, which crossed the San Juan river Sunday night.

When word reached the Knowles outfit they were out on their horse round-up and only mustered fourteen men. This party then made all haste to Conewash, where the cattle watered. In the meantime, Kid Johnson's party and encountered the Indians driving a big bunch of cattle toward the wash.

The skirmish was short and disastrous to the cowboys. Johnson was fatally wounded, and Billy Sawville badly hurt.

Fearing arrival of reinforcements, the Indians hastened to ford the San Juan north of Clay wash. Johnson and Sawville were carried back to the home ranch. The party, reinforced, pursued the fleeing savages who were now on their reservation.

Another affair occurred in which two braves were killed and Jack Blair, a half-breed, was badly hurt. The cowboys recovered nearly all their stock. The Indians have received a lesson which it is thought they will respect for a time at least. The stockmen are thoroughly aroused and will be prepared to summarily deal with any future depredations.

The Theosophical Convention.

New York, April 25.—The last meeting of the seventh convention of the American section of the Theosophical society was held yesterday.

Bertram Keithly, a noted English theosophist, spoke on the subject of the necessity of the study of metaphysics, and was listened to with marked attention.

President Wright, of the Chicago society, and J. Gifford White, president of the Washington branch, took an active part in the proceedings.

The resolution committee reported the following as members of the executive committee for the ensuing year: William J. Gifford, Alexander Fullerton and Henry T. Paine, of New York; Blodgett, of Seattle; Mr. Smith, of Chicago; Mr. Crosby, of Washington, and Elliot B. Page, of New York. The report was unanimously adopted.

William J. Gifford was elected general secretary, and Alexander Fullerton treasurer.

The Transatlantic Congress.

Ogden, Utah, April 25.—At 11 o'clock yesterday morning Gov. Prince, president of the transatlantic congress, called that body to order in the opera house. Gov. Prince made a brief speech during which he congratulated the congress on its splendid representation.

He referred to the subjects of arid lands, irrigation, harbor improvement and free silver as the work outlined for the congress. As each subject was taken up, heated and prolonged cheers filled the house.

Gov. McConnell of Idaho replied to addresses of welcome delivered by Mayor Lundy and Col. Harvey, of Ogden. He then addressed the congress, assuring his hearers of his belief in the utility of the transatlantic congress to improve the national congress with the important work of restoring silver to its proper standard.

A committee on credentials was named, all the states being represented except Minnesota and Louisiana, after which a recess was taken till 2 o'clock.

An "Independent School of Political Science."

Des Moines, Ia., April 25.—Gen. J. B. Weaver yesterday made public a proposition for the establishment of an "Independent school of political science" at Des Moines. He says such a school is necessary, because every patriotic citizen realizes that the adversaries of humane liberty, those who would roll back the wheels of progress, and have the attention and control of the masses of the people; they control the colleges and universities of the country.

The proposed school is to have seven professors, corresponding to the following subjects: Land and public works and inventions; science and transportation; constitutional law and legislation; suffrage; applied Christianity; and public debates.

Gen. Weaver offers to act as director of the school, and to select a successor can be found.

The Carpenters Employed at the World's Fair Grounds

IGNORE THE ORDER OF THEIR LEADERS

And Continue to Work to a Man—President Russell of the Building Trades' Council Roughly Handled and Summarily Ejected.

Chicago, April 25.—President A. P. Russell of the Building Trades' Council went down to Jackson park yesterday afternoon to see why the carpenters had not obeyed the order to strike. The pass on which he entered the grounds specified that he should not interfere with the workmen. Mr. Russell disregarded this, however, and ordered the men at work on the German building to quit. They refused to do so, and Mr. Russell persisted in his efforts to induce the men to strike. He called upon the Columbia guard to eject him from the building.

After a lively scuffle in which Mr. Russell got a black-eye and one or two of the guards were knocked down, Mr. Russell was placed in the patrol wagon and started to the police station. His pass was taken away from him by the order of Director of Works Burham, and he was escorted outside the grounds and released.

Not one of the carpenters employed at the World's fair grounds obeyed the order to strike yesterday, and so far as can be learned it is the intention of the men to continue at work regardless of the order of the leaders.

"OLD LIBERTY."

The Grand Procession of the Infant Nation's Freedom to Route to Chicago.

PHILADELPHIA, April 25.—A national hero, clothed in flesh and blood, could not be tendered higher honors nor receive warmer expressions of patriotic devotion than was showered on old Liberty bell yesterday afternoon, when the first move was made on her journey to Chicago.

Extensive preparations had been made by the council's joint special committee for transporting the nation's relic to the fair, and it was escorted to the station with all the pomp and ceremony of a hero.

The bell was lowered from its position in Independence hall on Saturday and placed in the hall opposite the museum, where it was viewed by curious throngs. Yesterday it was placed upon a truck especially constructed for the purpose and escorted by Philadelphia's contingent of the Pennsylvania national guard to the Pennsylvania railroad depot, at Thirty-second and Market streets, whence the train bearing the bell and its escort will leave for Chicago at 10 o'clock this morning.

The car which will bear the bell on its long journey was constructed for the purpose and fitted up in a manner consistent with the honor conferred upon it. The train will consist of the bell car, two Pullman sleepers and a dining car, and will carry the official escort of the bell. This will include Mayor Stuart, the council's joint World's fair committee and invited guests. At Harrisburg the legislature will adjourn for the purpose of viewing the bell, and at Indianapolis, Ind., there will be a procession of several thousand school children, and ex-President Harrison will deliver an address. The bell will arrive at Chicago at 9 p. m. next Friday.

The Review Fleet at New York—Preparations for the Ball.

New York, April 25.—The entire naval review fleet of about three dozen American and foreign war ships will anchor in the lower bay this morning. Their entrance from the ocean into the bay will be without formality. They are to get into place just inside of Sandy Hook, with the Philadelphia carrying Rear-Admiral Gherardi at the head of the port column, and the British cruiser Hulse, with Vice Admiral Sir John H. Kings aboard, at the head of the starboard column.

To-morrow the vessels will steam slowly up the North river and take their places for Thursday's review by the president.

Elaborate preparations are being made for the ball to be given in Madison square garden Thursday night. Of the 10,000 persons who are expected to be present, about 700 will be in naval uniforms of ten different nations; and besides these there will be military units, corn present in full regiments, so that the dances will likely present one of the most brilliant spectacles ever seen at an American ball.

President Higginbotham at Atlantic City.

ATLANTIC CITY, N. J., April 25.—H. W. Higginbotham, of Chicago, president of the World's Fair board, and his wife, are among the spring visitors to Atlantic City. Mr. Higginbotham is registered at Hudson hotel. He stated that the current rumors about the proposed raise in Chicago charges during the fair is an utter fallacy. The people there fully appreciate that to take such a step would be injurious to their business interests. President Higginbotham will remain here till Friday, when he leaves to accompany the presidential train on its way to Chicago. The fair, he says, will positively open the last of May.

A case in this city recently found a lot
 of love letters written by her father to
 her mother many years before they were
 married. The daughter read them to her
 mother, pretending they were of recent
 date, substituting her own name for that
 of her mother's. The name of a young
 man well-known to both of them, was
 written. The mother was very much
 shocked, and has forbidden her daughter
 to have anything to do with a young
 man that will write "such nonsense and
 foolish stuff."—Chicago Herald (Kansas).

A DOUBLE MEETING.

Result of the City Election De-
 clared—State Fair Legislation.

At the adjourned session of the city
 council held last night all of the alder-
 men with Mayor Chambers were pres-
 ent. The business was to carry out the
 vote for city officers cast at the election
 held April 18th. Aldermen Head, Wil-
 liams, Bramble, Holman, Watkins,
 Montgomery and Ferguson made the in-
 spection of the returns and their report
 as follows was adopted:

ALDERMEN—THIRD WARD.

It was necessary to hold a special
 meeting to consider new business, and a
 call was signed and read.

The first thing in order was the adop-
 tion of an ordinance: paving West
 Eldorado street from Monroe west to the
 fair grounds, the improvement to be
 made provided the state fair is perma-
 nently located at Decatur by the legisla-
 ture when it votes on the question April
 27th.

A resolution was introduced and
 adopted agreeing that in case of the
 location of the state fair here, a water
 main and sewer line be laid from the
 fair grounds with water shall be laid
 from the city to the park.

Alderman Rhine introduced a resolu-
 tion to the effect that in case the state
 fair is to be located here the city shall
 surrender all its rights to the fair
 grounds.

By all of the aldermen except Wil-
 liams: That the city marshal ascertain
 how many persons are violating the or-
 dinance of the city by slaughtering ani-
 mals within the limits of said city and
 within one mile of the limits of said city,
 and when the fact is ascertained the
 names of such persons shall be reported
 to the city attorney, who is instructed to
 begin suit against all persons violating
 such ordinance.

By Bramble: That the street superin-
 tendent is hereby instructed to raise and
 repair the 3-foot plank walk on west side
 of Church between Jefferson and Decatur.
 Adopted.

By Watkins: That a crossing be laid
 across Broadway at the north line of
 Division street. Adopted.

The Snow Club.
 The Snow Club gave a most delightful
 farce at Abbott's Hall last night. It
 was presented by a chance of the hall and
 a group at Kirby's restaurant. The farce
 was entitled "Prof. Bart's Invitation;
 or, Old Made Made Young." The cast
 was as follows:
 Prof. Bart, F. C. Westenberg;
 Peter Ringelheimer, A. F. Whiting;
 Samuel West, A. L. Smith;
 Josephine Tucker, L. Murphy;
 Dorothy Tucker, L. Murphy;
 Mary Ann O'Flynn, Josephine E. Carter;
 The farce was highly enjoyed and the
 spectators were highly entertained. The
 following presentation of the farce
 came a program of eighteen dances. Miss
 Lottie Westenberg and Fred Bask
 Taylorville, Martin O'Leary of Elmwood
 and Miss Flaudia Tanager of Mt. Zion
 were guests of the club.

A RETURN ON THE CENTRAL.

It May Be a Slow Road but This
 Is Too Much.

The Illinois Central isn't as speedy as
 some railways in this country, but what
 it lacks in speed it makes up in accom-
 modation. Recently, this old reliable
 road put on a new train, which was a
 passenger, and started out of Bloomington
 a little before 5 o'clock in the morn-
 ing. The people along this old reliable
 line are not in the habit of beginning
 journeys before breakfast, says the Eye,
 and this train carried the entire popula-
 tion between Bloomington and Kankakee,
 taking their morning nap. When
 the train pulled into these towns, the
 engineer knowing the habits of the peo-
 ple blew a series of traffic blasts and rang
 the bell violently as though a riot or a
 conflagration was in progress. When the
 train stopped, the conductor and brake-
 man on the hotel doors until the guests were
 awakened, and those who wanted to take
 the train got up and dressed. After the
 morning pilgrims had boarded the train
 it pulled out for another town. The
 Central isn't as swift as some roads, but
 it is mighty accommodating.

It Will Catch a Crowd.

Elephant, trained to perform
 circus, comical donkeys. "If any don't
 still lingers in the minds of the show-
 men that the old tested performance is a
 thing of the past," observed the Chicago
 Globe, "he has to witness C. B. Jefferson,
 Klaw & Erlanger's 'Country Circus' to
 be convinced. The long-suffering public,
 once accustomed to a circus performance
 on a stage, and witnessed from the com-
 fortable seat of a theatre, and no
 pneumonia lines, warring and retreating
 through the curtains, will never again
 return to the old camping grounds."
 This entertainment will be presented in
 all its vast entirety, for one night, to-
 morrow night, at the Grand.

THE BOARD BROAD ENOUGH.
Sub of the Decatur Board of Education Against White Bros.
The declaration in the suit for debt of the board of education of Decatur against White Bros. of this city and their bondsmen, has been filed in the circuit court. There are some interesting facts in connection with the case. It is a law principle that no one can secure a mortgage on a school building and at first thought it seemed useless for the merchants to whom White Bros. were indebted to try and have the debt satisfied. At the time of the failure of the White Bros. this money seemed to be gone for good. But an investigation of the bond given by the builders to the board of education at the time the contract was made showed that the bond was broad enough to cover everything, and consequently the board sued to recover the money although the Decatur parties to whom White Bros. were indebted are the real parties in interest. In the bond which White Bros. gave they agreed to build the school building according to specifications and further agreed to satisfy all claims in the nature of mechanics' liens for materials or labor furnished. This bond was given by White Bros. to James F. Feltz and Wm. Higley, and is for \$18,000. The bondsmen are claimed to be liable notwithstanding the failure of White Bros.
An important divorce case came up in the Circuit Court at Tusculum yesterday before Judge Vail, in which Joseph W. Smith, a wealthy farmer, and Mrs. Mary E. Smith, formerly Mrs. Mary Condon, of Chicago, are principals. Two years ago the plaintiff was married in that city by the Rev. Dr. Thomas and soon after brought her to Tusculum to become the mistress of Eden Park Farm, but the bride did not find things as agreeable as she wished, and after a few months returned to the city by the lake, claiming that another woman was the cause of her trouble. Mr. Smith claims that she willfully deserted him and that he has evidence to show that she married only in order to gain a portion of his broad acres, of which he possessed 1200. The jury has been selected and the case will last a week.
It is Prosperous.
Last evening at the business meeting of the Christian Endeavor society of the First M. E. church the following officers were elected for the ensuing term: President—D. A. Strider (re-elected); Vice President—H. W. Johnson; Secretary—Minnie Davis; Treasurer—W. J. Wells.
Ten new members were elected to membership in the society, which is in a very prosperous condition. A stranger never entered a more social circle than is found at the close of any regular Monday evening meeting. Among those from this society is constantly doing personal work in the meetings to enlist fuller sympathy in the higher object of the society—that which is embodied in the Endeavor pledge. The meetings are largely attended.
A Perfect Town Growth.
Everybody is talking about the remarkable and marvellous career Professor Voltaire at the Hotel Brunswick west of the city. It is really something wonderful. The professor is no stranger in this state—he has been a resident of Chicago for 23 years, and his reputation is not alone known in the advertisement in the west column and make an early engagement to avoid the rush. We would cheerfully recommend all those who are affected to see him. Call at his parlors. Office hours from 9 a. m. to 8 p. m., at Hotel Brunswick.
When we make a Special Sale, we make prices that mark it from all other special sales in Decatur. The buying public have found it out. Our Toilet Ware Sale will be one of the largest and certainly contains the handsomest line of goods ever opened in this city.

AN OLD CITIZEN GONE.
Mabel Hawthorn Passes Away at the Age of 84 Years.
Another old citizen of Decatur passed away at 12:40 o'clock this morning at his late residence, 351 West William street, the venerable Mabel Hawthorn, who was in the 84th year of his age. His general health had been poor since before his wife died Dec. 26, 1891, and since then he had experienced sinking spells. During the past few days his condition was such as to cause much solicitude. His children are L. L. Hawthorn and Geo. D. Hawthorn, Mrs. K. H. Roby and Mrs. George S. Simpson. They were with him when he died, and all did what they could to make his last hours as restful as possible. Mr. Hawthorn was a most excellent citizen. He had led a quiet but busy life and had long been identified with the community. He was a member of the church, and displayed a public spirit that few men possess. In all his enterprises he had the energetic assistance of his sons, who built up the Hawthorn check-room business and enlarged its scope with the passing years. Mr. Hawthorn voted for Henry Clay in 1828, and since the formation of the party he has always been a Republican. He served one term in the city council as alderman. That was in 1859. He never sought office, being content to look after his business affairs. He amassed more than a competency and lived to see his children successful in life. The funeral will take place from the K. H. Roby residence, No. 351 West William street, at 3 o'clock Wednesday afternoon. Rev. James Miller, of Chicago, will conduct the service.
Deceased was born in Clinton county, Ohio, August 20, 1820. He was one of nine children, and was of Quaker origin. He received early training in the log school houses in his native county, and subsequently attended the better equipped schools at Xenia and Wilmington. He began teaching school at 13. August 20, 1830, he married Sarah J. Woolman, of Clark county, Ohio. Her father was a noted Quaker. Mr. Hawthorn became a merchant in Warren and Clinton counties, and three years later sold out and began farming near Port William, Ohio, at the same time managing a saw mill run by water power. He was postmaster at Port William, and for nine years was a justice of the peace. He came to Illinois in 1853, locating on a farm near Mechanicsburg, in Sangamon county. He located in Decatur in 1857. Two years later he engaged in the business of buying and selling grain and continued that occupation for nearly 20 years. In 1878 he appreciated the merits of the check room attachment for corn planters, and the firm of Hawthorn & Sons was formed to engage in the enterprise which still flourishes and which has earned several large fortunes and built many fine homes in Decatur.

HOUSEHOLD HINTS.
To keep jelly from moulding over with pulverized sugar to the depth of a quarter of an inch; they will keep for years.
New finger-rings of cut glass are smaller than formerly, and make one wonder why so large a bowl for finger dipping was ever thought a necessity.
For staining muslin, gingham and calicoes, dissolve a piece of alum the size of a history nut for every pint of starch. This will keep the colors bright for a time.
Icing for cakes may be prevented from cracking when being cut by adding one teaspoonful of sweet cream to each cup of sugar; beat all together and add sugar until as stiff as can be stirred.
Coffee for one person: Take a tablespoonful of ground coffee, a cup of hot water, the fourth of the white of an egg, half a cup of cold water. Stir the coffee with the white of the egg; add the cold water; boil; add the hot water; boil two minutes.
A pleasant perfume and moth preventive is made of clove, nutmeg seeds, nutmeg, mace, cinnamon and Tansy. Boil each of such 1 ounce, add as much Florida water as will equal the other ingredients. Boil together, strain all to a powder, and put in little bags among clothes.
Mushrooms.
